## S-3802S V-mount Charger/Adaptor

S-3802S is a portable 2-channel sequential charger for V-mount batteries, which can automatically recognize the type of battery being charged (Li-ion, Ni-MH and Ni-Cd).

S-3802S also can be used as an AC adaptor through its 4-pin XLR DC output.

- ◆ 2 channels sequential charge
- ◆ 4-pin XLR adaptor output
- ◆ Compatible with Li-Ion, Ni-MH and Ni-Cd
- ◆ V-mount plate
